Dear Mr. Weisberg,

Enclosed is a copy of the transcript of "A Conversation With Vince Tiger" which you asked me to send you. His comments on the Warren Report begin on page 10.

I hope this is of use to you, and please let me know if there is anything else I can do for you. My school library has New York Times microfilm and a device which photographs it in case you should want anything from back editions.

Sincerely yours,

Jerry Policoff
